## Professional Embroidery Machine

## Earn extra income, with your own embroidery business.

Like most of us, you've probably thought about the independence, satisfaction and financial rewards that stem from owning your own business. Maybe you've even investigated the possibility, only to be deterred by high startup costs, rigid franchise requirements and "opportunities" that seem too good to be true.

The Brother PR-650C gives you the power and technology of a commercial embroidery machine yet is incredibly easy to use. This innovative machine is compact enough to fit in your home and portable enough to take on the road. Best of all, its attractive price makes it possible for you to realize big dreams with a small investment.
